

# In Our Communities

We measure success by the success of our members and the strength of the communities we live in together. Simply, we're here to help our members create more local money. Because the more we create together, the more vibrant our economy and our communities become. Over the years we've reinvested millions of dollars in our communities through sponsorships, grants, donations, bursaries and Member Rewards.

To help our young members further their education, Interior Savings has introduced a new component to its Member Rewards Program. Each year, the Million Dollar Bursary will provide up to 1,000 post-secondary bursaries, each valued at \$1,000, to students between the ages of 17-24 years old. We've made a commitment to run this program for four years (2014 - 2017), representing a total funding pledge of \$4 million.
